# mambo – unlimited ideas

At every edition of Salone del Mobile, Mambo Unlimited Ideas releases new products in a continuous effort of bringing creativity and high quality design to the event, adding at the same time new products to the collection which grows bigger every year.

This year in Salone del Mobile's 2022 edition, Mambo Unlimited Ideas is releasing a new Fauna collection, the new Butterflies which will show in many shapes and colors.

Mambo Unlimited Ideas is also showing live for the first time the Olga Sideboard, Poppy Center and Side Tables in the furniture category and the Miami collection in the upholstery category.

miami

The iconic Miami collection combines clean lines with soft upholstery resulting in an effortless modern classic that is perfectly proportioned. This versatile piece features enriching brass or copper details on the back which combined with the light lacquered metal frame allow a mix and match resulting in the perfect combination for any space and concept. A chair that will casually exist in any space due to its weightless and refined shape.

The seat and back is available in a selection of curated fabrics or leathers from our collection.

fauna

Meet our brand new addition to the Fauna family!

Created through the hands of crafted artisans we present the latest addition to the Fauna Family, Where geometry meets the delicate shapes of butterflies, resulting in a fresh and sculptural collection.

This new handmade and hand painted collection, is presented both in an elegant nude colour, or in a springlike colour pallet.

poppy

Poppy is an emblem of nature and organic growth, behind this design lies an essence of naivety effortlessly found within natural forms. Poppy tables are a finely tuned example of how we find elegance within the immediate flow of naturalism.

The table tops can be customised using our range of finishes.

olga

Olga plays with organic shapes through intricate detailing, set out to define its position as a functional piece of abstract art. Olga emulates the geometric forms found in Russian suprematism, displaying the perception of a radical development by combining design with function.
