

## FCB maintains position as TOP-TIER FIRM for Angola in The Legal 500 rankings

The 2019 edition of *The Legal 500 Europe, Middle East and Africa* was published yesterday and **FCB was once again distinguished as a TOP-TIER FIRM for Angola in the foreign law firms' category**. This recognition is a clear reflection of the work we have been developing in the country for almost fifteen years, in close partnership with **EVC Advogados**, another member of **FCB Glocal**, also highlighted in the rankings.

FCB has also been recommended in another Practice Areas for Portugal (Commercial, corporate and M&A; Real estate and construction; Public law; Projects and project finance; Dispute resolution; Tax; Employment; and Intellectual property), and also for Mozambique (Foreign Law Firms), where we have reached Tier 2.

What The Legal 500 says:

*«FCB Sociedade de Advogados is noted for its 'professionalism, responsiveness and efficiency'. The team had another busy year in 2018, with a particular uptick in litigation and employment matters. Banking and finance is another buoyant practice at the firm, which regularly acts on the lender side of large financing deals.»*

*«A multidisciplinary team at FCB Sociedade de Advogados is 'very knowledgeable about the local market' and handles the gamut of corporate, commercial, energy and construction projects in the country.»*

The rankings can be viewed in The Legal 500 website, [here](#).

At FCB, we would like to thank our clients, for their continued support and their availability to provide feedback of our services to The Legal 500. It is thanks to them that we are able to achieve these results.
