Born in Portugal, Dooq is a design company dedicated to celebrate the luxury of living. Creating designs that stimulate the senses, whose conceptual approach is inspired on the unexpected meeting of opposite things.

Our studio focuses on an extensive research of details together with a vast iconographic research around art and design, creating an ever-evolving language that emphasises first the small things.

We seek to find balance in things that are contrasting, creating pieces where feminine meets masculine, small meets large, soft meets solid and past meets the present allowing the new to blossom. Sensual materials like velvet, trimmings, straw and glass are combined with harder materials such as copper, marble, brass and wood to achieve the duality in our studio's distinctive pieces.

Using the technological expertise of a country leader in craftsmanship in combination with the creativity of great designers, helps creating pieces with an uncensored aesthetic where each piece has its own reason of existing.

Dooq is pursuing elegance with audacity and devotion, crossing the boundaries between art and design.

Plié — by Ferriani+Sbolgi Plié is a table collection hand crafted in nickel with rounded edges and silhouettes that seem to fold and bend. It carries a future-brutalist attitude yet feels warm to the eye. The series includes side, coffee, and console tables.

3

4

Mosaico — Dooq x Studiopepe Mosaico is a upholstery family designed by Studiopepe. built on a clear dialogue between hard bases and soft, architectural volumes. Wood joinery connects the parts with visible craft. The system offers 26 curved and linear modules that fit seamlessly, so spaces can be drawn in almost any layout while remaining coherent. The range includes sofas, armchairs, poufs, dining chairs, and bar chairs.

5

6

Cubo is a chair shaped by the rigorous spirit of early-20th-century design. Its geometry echoes the clarity and discipline found in the late-1920s movement toward structural purity, where form was stripped back to its essential lines. Crafted entirely from stainless steel and built from a single continuous construction, Cubo feels both archival and contemporary.

Introducing Vertigo, our striking armchair inspired by the brutalist movement, where raw concrete aesthetics meet unparalleled comfort. The bold, sculptural design of Vertigo encapsulates the essence of brutalism, creating a visually compelling statement piece

9

10

Nusa is our latest table collection, where Southeast Asian inspiration meets modern craftsmanship. Each table intricately weaves an ancient marqueterie technique, seamlessly blending two distinctive woods. Immerse your space in the rich cultural tapestry and contemporary elegance of Nusa, where tradition and modernity converge harmoniously.

Inspired by the quiet intelligence of nature, Nest translates the weaving of birds' nests into a sculptural family of dining and bar chairs. Available in traditional Portuguese bunho, rope, or natural wood, each piece is handmade by skilled artisans. The result is light yet strong seating that celebrates organic texture and the beauty of natural materials.

The Twin pouf collection is a multifunctional trio designed to work alone or cluster as a small landscape. Built in solid wood and upholstered in fabric, the pieces shift easily between seating and table use, bringing a playful versatility to any room.

Cage plays with the tension between linear geometry and gentle roundness. Offered as a sideboard and a bar sideboard, each piece is built in Portugal through an intensive artisanal process using burl wood, lacquered wood, and natural stone. Rich textures meet contemporary precision in a sculptural approach to storage.
