COME AND CELEBRATE AUTUMN AT THE SERRALVES FOUNDATION!

We invite families and the general public to visit the Serralves Park on 27 and 28 September—particularly the Quinta area—and take part in a multidisciplinary programme featuring varied artistic expressions, where contemporaneity meets tradition.

With workshops, trails, theatre and music performances, live art and other activities, we will celebrate biodiversity and the landscape through arts and crafts.

This will be an opportunity—set against an autumn backdrop and amidst remarkable cultural and natural heritage—to experience and forge connections with the Park, its native and other breeds, the Horta and seasonal produce, the craft of making and know-how, and the challenges that foster awareness of an environmentally conscious, socially responsible and transformative culture.

In its 15th edition, the Autumn Festival once again aligns with the climate cause, incorporating into its programme a series of art installations and a film strand, in partnership with the BOIL – Climate Festival, whose purpose is to promote climate literacy through science, art and humour.

It will be a special weekend to enjoy with family and friends—and to create memories that will last a lifetime!

Admission is free, via the gates on Avenida Marechal Gomes da Costa and Rua Bartolomeu Velho, 141.

The programme is subject to unforeseen changes.

The letters next to the activities refer to locations identified on the map.

STRAW — THE STORY OF A SCARECROW

KRISÁLIDA

Location: Presa

Duration: 45 min

PG|03

Once upon a time there was a scarecrow who met a turtle. Once upon a time there was a reed-house that drifted through the oceans. A sea of plastic and a scaleless president. A pile of rubbish and a grumpy codfish. On the shore, traces of Humanity. On the seabed, a community reinventing itself.

The Story of a Scarecrow is an adventure through the marine universe that dares to confront the waste accumulated at the bottom of the sea, uniting its inhabitants in the search for a shared benefit.

MUSIC

SAT • 18:00

BATEU MATOU

Location: Prado

Duration: 60 min

PG|06

BATEU MATOU is a supergroup formed by Ivo Costa (Sara Tavares), Quim Albergaria (Paus) and Riot (Buraka Som Sistema). CIRCUMLOQUI

PEUS DE PORC

Location: Prado

Duration: 45 min

PG|03

The Circumloqui Circus sets up its ring atop a motorised tricycle and gets ready to perform all around the town. A musician and a clown present a line-up of acts: magic and balancing, the strongman, the beast tamer and, of course, the incredible Baby Bullet—the only one capable of flying more than 50 metres.

EMMY CURL

Location: Prado

Duration: 75 min

PG|06

Born in the mountains of Vila Real, Emmy Curl breathes new life into Trás-os-Montes and Celtic folklore, blending it with modernity and a uniquely personal performance style. Her album *Pastoral*, winner of the 2025 José Afonso Prize, pays tribute to Portuguese cultural heritage and celebrates courage and love in challenging times—an invitation to immerse yourself in an atmosphere that echoes like the voices of the mountains that inspire her.
