## Utu Soulful Lighting unveils the new lighting design - Pyppe

Pyppe family

Pairing smooth and rough surfaces that contrast with one another, Pyppe lamp collection gives way to a new approach in shape and balance.

Emphasizing the tension between mass and shape, it provides soft points of interaction that connect sinuous and delicate forms with poised proportions.

A collection that is raw and expressive yet sophisticated, where each lamp complements each other but can ultimately exist solely with a strong personality of its own.
