Into Space

Design: Iona Tettelin

Into Space é o nome da coleção de bancos que nos remete para um universo imaginário. Talvez sejam de Marte, da Lua ou de algum lugar que nem sequer conheçamos. Talvez sejam personagens de uma aventura intergaláctica. O importante é que nos deixemos contagiar pelo otimismo que esta família divertida nos transmite.

Cada banco é composto por uma estrutura metálica de três pernas e um assento de grande dimensão. O tecido que reveste o assento – Kvadrat Galaxy – possui um padrão que nos remete para os aglomerados de estrelas e poeiras que compõem a galáxia. As suas características técnicas permitem o estofamento em forma redonda.

Into Space is the name of a collection of stools that take us back to an imaginary universe. Maybe they are from Mars, from the Moon or from somewhere we don't even know. Perhaps they are characters from an intergalactic adventure. What is important is that we let ourselves be contaminated by the optimism that this amusing family conveys us.

Each stool consists of a metal structure with three legs and a large seat. The fabric that covers the seat – Kvadrat Galaxy – has a pattern that reminds us of the star and dust clusters that comprise the galaxy. Its technical features enable round upholstery.
